Full Stack web developer leveraging computing background to build a more intuitive user experience on the web. Recently earned a certificate in full stack development from the University Coding, with newly developed skills in JavaScript, CSS, React.js, and responsive web design.

EXPERIENCE

Einstein's Bros Bagels, Austin TX — *Shift Lead*

March 2020 - July 2022

Over the two years that I spent at Einsteins, I have learned many invaluable skills when it comes to managing and being a part of a team. I learned excellent customer service skills as well as how to communicate and work with a team in a high stress environment.

EDUCATION

James Bowie High School, Austin TX — *Graduate*

Texas Coding Bootcamp, Austin TX — *Certificate*

July 2022 - December 2022

In this course I acquired many skills that will help me be a proficient full stack Developer and a great team member.

PROJECTS

Jukebox — Final project for my bootcamp course

In this project me and a team of hand picked members were given 2 weeks to make a project that involves the MERNStack. We used our skills in Node/React/Mongoose and much more to create a website where users could watch videos and interact with each other.
